Winter Impression

The individually hand crafted guest house is located with Haus Beaver Castle on a 22 acre natural treed and unspoiled property in the riverside landscape of Slocan River. It combines Canadian wood building with a cozy European style interior and offers space and amenities for 4 persons.

Inside it has a cozy living - dining room with the warm atmosphere of a wood stove, a fully equipped kitchen, large bathroom, and two bedrooms, one with two extra long separate beds and one with a queen size bed. Outside the house features a large deck with picnic table and lounge chairs and hammock plus a fire pit for your barbecue. The property offers lots of space for your relaxation and privacy.
